

**Friday
11 December 2015**

11:30 to 13:00

Observer Room 08

**Preparing for the Action Plans on Post-2020 Climate
Change Regime in Asia**

Transformative innovation toward low-carbon growth while reducing climate risk ; Compact and connected urban development strategies for climate resilient cities; Climate action based on advanced partnerships between Europe and Asia to seize the global opportunities.

Speakers:

SoHee Kim (Climate Change Center)

Alokananda Mukherjee (CBE)

Oliver Lah (Wuppertal Institute)

Suh-yong Chung (SILA)

Wuppertal Institute at the **UN Climate Change Conference** December 2015 (COP 21/CMP 11)

Paris, 30 November – 11 December 2015

The Wuppertal Institute is represented at the Conference of the Parties (COP 21) with its own exhibit. The Institute co-hosts the following Side Event, in cooperation with e5 – European Business Council for Sustainable Energy, Ecofys, Free University Amsterdam, and FORES (Forum for Reforms, Entrepreneurship and Sustainability)

**Thursday
10 December 2015**

16:45 to 18:15

Observer Room 01

**Mobilising Ambitious State and Non-State Climate
Action in the Paris Agreement and Beyond**

The event discusses design options for mitigation contributions in the Paris Agreement and beyond, including opportunities and challenges for engaging non-state actors. Can collaborative initiatives connecting countries, regions, cities and businesses help closing the ambition gap?

Speakers:

Lukas Hermwille (Wuppertal Institute)

Daniel Engström Stenson (FORES)

Oscar Widerberg (Free University Amsterdam)

Björn-Ola Linnér (Linköping University)

Ann Gardiner (Ecofys)

Kolja Kuse (e5 - European Business Council for Sustainable Energy)

Facilitation: Hermann Ott (Wuppertal Institute)

Several scientists of the Wuppertal Institute will actively take part in side events organised by project and network partners.:

<p>Wednesday 2 December 2015</p> <p>16:45 to 18:15 Room 4, Le Bourget</p>	<p>Linking ambition to action- Success factors for low carbon development pathways in transport sectors</p> <p>Once countries have agreed on INDCs and mitigation targets in December, the next big challenge is to put in place policies and measures that satisfy these ambitions. Policy makers/ implementers will discuss success factors for moving from concept to implementation in low carbon transport policies.</p> <p>Side-event of the Bridging the Gap and SLoCaT Partners</p>	<p>Thursday 3 December 2015</p> <p>10:15 to 13:30 Le Bourget</p> <p>16:30 to 18:00 EU Pavillion</p>	<p>Transport Focus</p> <p>Lima Paris Action Agenda event on global transport landscape and trends, adaptation issues, and the mitigation potential in people and freight transport. This will also include a stocktake of progress of actions on Transport and Climate Change since the Secretary General's Climate Summit in September 2014, including the Urban Electric Mobility Initiative (UEMI)</p> <p>Side Event organized by the Low Carbon Societies Research Network (LCS-Rnet)</p>	<p>Thursday / Friday 3 / 4 December 2015</p> <p>Mercure Paris Centre Tour Eiffel Hotel, Paris <i>On invitation only</i></p>	<p>Development and Mitigation Futures: MAPS & DDPP experiences conference</p> <p>The Development and Mitigation Futures Conference is a space for reflection and research collaboration both within the MAPS and DDPP communities, and with highly regarded external experts. The conference is jointly hosted by the Mitigation Action Plans & Scenarios (MAPS) Programme and the Deep Decarbonisation Pathways Project (DDPP).</p> <p>The conference will discuss approaches to advance domestic mitigation policies towards low carbon prosperous societies. It is based on the learnings emerging from more than five years of work under the DDPP and MAPS initiatives. MAPS brings the experiences from Brazil, Chile, Colombia, Peru, South Africa and research collaboration with the Centre for Policy Research in India. DDPP has developed national decarbonization pathways in 16 countries, including all large emitters.</p> <p>The results of the Technical Sessions will inform a High-level Dialogue with key decisions-makers on 6 of December. The dialogue is also convened by MAPS and DDPP.</p>	<p>Friday 4 December 2015</p> <p>17:30 to 19:00 Room 7</p>	<p>Boosting sustainable mobility in Europe, Asia and Latin America with city-to-city cooperation</p> <p>COP Debate organized by SOLUTIONS and the Urban Electric Mobility Initiative (UEMI)</p> <p>A public debate at the COP 21 to discuss the opportunities and barriers of sustainable transport measures and the contribution of city-to-city cooperation to boost take-up and transfer. Thematic presentations from representatives of city cooperation actions and e-mobility initiatives.</p> <p><i>Speakers include Oliver Lah from the Wuppertal Institute</i></p>	<p>Saturday 5 December 2015</p> <p>11:30 to 13:00 Observer Room 04</p>	<p>Pathways to sustainable mobility through local, national and global action</p> <p>Shifting towards low-carbon mobility needs local, national and global action. International frameworks, national efficiency standards, and taxation, improved public and non-motorized transport, electric mobility and urban planning are some of the measures that enable this transition.</p> <p><i>Speakers include Holger Dalkmann, Embarq/WRI, Glynda Bathan, Clean Air Asia, and Oliver Lah from the Wuppertal Institute</i></p>	<p>Sunday 6 December 2015</p> <p>8:30 to 19:00 Venue at the International Union of Railway (UIC) Headquarter</p>	<p>Transport Day</p> <p>Partnership on Sustainable, Low Carbon Transport (SLoCaT Partnership), together with Bridging the Gap Initiative (BtG Initiative), and the Michelin Challenge Bibendum (MCB)</p> <p>The full day event will bring international experts on transport and climate change to discuss the contribution sustainable, low carbon transport can make to climate change discussions.</p>	<p>Monday 7 December 2015</p> <p>12:00 to 14:00 German Pavilion</p>	<p>Enhancing mitigation action pre and post 2020</p> <p>We present options for enhancing mitigation ambition before and after 2020, within the Paris Agreement and beyond. This includes a discussion on how to support further ambition in INDCS, as well as the potential of non-UNFCCC initiatives.</p> <p>Speakers: <i>Vicki Duscha (Fraunhofer ISI)</i> <i>Wolfgang Obergassel (Wuppertal Institute)</i> <i>Sean Healy (Oeko-Institute)</i> <i>Hanna Fekete (NewClimate Institute)</i></p>
